COOLIDGE PLAN SUPPORTED BY REPUBLICANS

C. O. P. Leaders Rally To Back "Solid Front for Hoover" Proposal.

BROOKHART DISAGREES
Few Stalwarts Refuse To Count "Silent Cal" from Presidential Race.

WASHINGTON, Sept. 30.—The support of Calvin Coolidge for a solid front in support of the President is to be the hub about which Republican leaders will rally their forces for re-election of Herbert Hoover.

The veteran party pilots for the most part accept Mr. Coolidge's copyrighted article in the Saturday Evening Post, disclaiming any interest in his immediate return to the Presidency as definitely eliminating him from next year's political race.

But the appeal of the former President for "party loyalty" is viewed with less warmth among Republican independents who have opposed some of the major Hoover policies.

Brookhart's Comment
Senator Brookhart, a Republican of Iowa, called for a progressive program, and progressive candidate after reading the Coolidge article. He mentioned as probable candidates Senators Borah of Idaho, Norris of Nebraska, Johnson of California, La Follette of Wisconsin, and Governor Pinchot of Pennsylvania.

Also, there were a few in the Republican congressional fold of

COOLIDGE NOT SO TERSE NOW

WASHINGTON, Sept. 30.—Perhaps his recent literary activities are responsible, but terse President Coolidge differs from Calvin Coolidge, private citizen, in statement wording.

The former president's magazine article saying he did not seek the Presidency in 1932 took nearly 5,000 words.

His pre-campaign statement about the 1932 race took ten "I do not choose to run for President in 1932"

regularly who kept their silence on the Coolidge declaration. They intimated privately their belief that the former President must not yet be counted out of the 1932 contest.

However, Republican stalwarts such as Senator Watson of Indiana, a floor leader, Senator Fear of Ohio, the national chairman, and Representative Wood of Indiana, chairman of the appropriate

PICTURE THEAT OF WAGE CUT STRIFE

Railroad Attorneys Voice Warning in Final Freight Rate Arguments.

WASHINGTON, Sept. 30.—Railroad attorneys told the Interstate Commerce commission today that refusal to increase railroad freight rates would precipitate a nationwide wage cut controversy.

Greenville Clark, of New York, chief counsel for the proposed 15 per cent rate increase, made the statement.

"Everybody knows," he said, "that denial of this application will cut wages of railroad men and cut wages of railroad men is a very large and complicated one. I tried to figure it out. I have figured it out as possible that it would mean 1,400 different possible mediation cases. This commission should not hurt this controversy on the country."

Clark and Charles E. Hughes Jr., who spoke for security holders, closed that portion of the railroad's case before the commission.

Clyde Brown, chief counsel for the New York Central, ended arguments for the railroads.

NEW MATRIMONIAL CANON IS ADOPTED

DENVER, Colo., Sept. 30.—The adoption of a new matrimonial canon was cited as a major achievement of the fifth triennial convention of the Protestant Episcopal church as delegates prepared to wind up their business today and adjourn.

The canon, tinged with liberalism and representing the first dramatic changes in the rules of the church on marriage and divorce since 1908, was adopted by the convention yesterday. It resulted from a compromise in plans advanced by the house of bishops and the house of clerical and lay deputies.

Persons who have been divorced and remarried in contravention to the law of the church are given excommunication in the new canon. With the approval of ecclesiastical courts, they may retain their communicant status and be admitted to baptism, confirmation and holy communion.

SEEKS RICHES

As \$150,000 seems to be coming closer to the grasp of Miss Rosa Drew Stansbury, 34-year-old Vicksburg, Miss., spinster, descendant of the Wendell family of New York, who has obtained a temporary injunction restraining the executors of the Wendell estate from making use of a will signed by her, she confides that she wants only four things for herself, a good automobile, leisure to travel, pretty clothes, and a box at the opera. Miss Stansbury claims to be a granddaughter of Gen. Tobias Stansbury, who was the grandfather of the late Ella Wendell, New York reclusive, who died leaving a \$75,000,000 estate.

BRITON SETS NEW RECORD

Lt. Stainforth Hurtles Sea-plane at Speed of 415 Miles an Hour.

FORMER MARK WAS 385

Spectators Gasp as Craft Comes to Earth at 100 Miles an Hour.

LONDON, Sept. 30.—A new world's speed record of 415 miles an hour today stamped flight Lieutenant G. H. Stainforth as the fastest man on wings.

He topped his previous mark of 358.67 miles an hour on the second of four laps over a three-mile circuit (one and seven-eighths miles) at Calshot yesterday. His average was 509.9 miles an hour, as compared with the figure of 378.05 made during the Schneider cup races.

The judges officially announced this time for the four laps as calculated by an electric camera as 415.2, 403.1, 409.5 and 406.4. His machine was an SE B seaplane, driven by an especially built Rolls-Royce engine described as the most powerful ever built.

Although the weather was considered only barely safe, Lieutenant Stainforth took off over the solent easily and was soon buried in the mist. He made the turns with dexterity and continued around the course with the outlines of his plane hardly visible. He landed at 100 miles an hour while spectators gasped.

"I believe I have broken the record," he said quietly as he joined his wife.

PLEADS NOT GUILTY TO MURDER CHARGE

Athens Man Denies Guilt in Killing of Former Marion Resident.

Wilbur Nelson, 60, of near Athens, pleaded not guilty to a charge of first degree murder when arraigned in Athens yesterday on a charge of shooting Wilbur Cooper, 29, former Marion plumber.

Nelson was held for the grand jury which will meet Monday. He shot Cooper following an argument Monday afternoon over a chicken coop from which Cooper was tearing boards for kindling wood.

Funeral services were today at 2 p. m. at the Cooper home near Athens. Cooper's mother and brother, Mrs. Dan Tyler and Neal Cooper of the Prospect Pike left yesterday to attend the service. A wife and four small children survive Cooper.

FIFTH "AKRON" TRIP TODAY OR THURSDAY

AKRON, O., Sept. 30.—With nearly 20 of the required 75 hours of test flights completed, the U. S. S. Akron was expected to go aloft on a fifth flight today or tomorrow.

Navy officials declined to say when the next flight would be held. It was announced, however, that the next test will be to determine the Akron's rate of ascent and descent and its dynamic lift.

Edison Loses Strength

WEST ORANGE, N. J., Sept. 30.—Thomas A. Edison, suffering from a complication of four diseases, has lost strength the past few days, his physician, Dr. Robert S. Howe, said today.

"Mr. Edison seems to have less interest in things and his strength has fallen somewhat in the past few days," Dr. Howe said.

SLAYER KILLED FLEEING FROM MURDER SCENE

Two Pals Critically Hurt as Car Crashes into Tree at Warren.

VICTIM SHOT IN HOLDUP

Dead Gunman Identified as Former Pen Convict, Released Last March.

WARREN, O., Sept. 30.—One of three men captured when their automobile was wrecked last night while fleeing from a speakeasy slaying and holdup died today.

The dead man was George Spraggins, 30, of Cleveland, a former convict. His two companions John Davis, 30, and George Barrett, 30, driver of the holdup trio's car were in a critical condition.

The three, police said, had held up a place known as "Bobby's" and killed Earl Gamble, 40, of Warren, one of four patrons in the place.

Entering the place with guns drawn the holdup men ordered the customers and the bartender to "stick 'em up."

The bartender escaped through a rear door. Two shots were fired at him but both missed. The gunmen took \$40 from the cash register and as they did so, Gamble started for the front door. He was shot and killed instantly.

The trio started for Cleveland but had just passed the city limits when their automobile slipped another machine and was thrown against a tree.

Police said Davis was identified as the triggerman in the shooting. Spraggins had a long police record in Cleveland and was freed from the state penitentiary only last March after serving a term for an automobile theft.

Runaway Rodeo Steers Hit for Tall Open Spaces

Lost Fourteen Steers Anyone seeing animals please return to the west rodeo at the Marion County Fair before tonight's performance.

But the lost were found, almost before they were lost. Police were alerted this morning at frantic calls from the secretary's office at the fairgrounds. The steers were gone! What's a wild west show without a few good steers to bulldozer? People were frantic at the fairgrounds, peering under tent flaps, gazing on top of the grandstand, and stepping cautiously into the display buildings, looking for 14 steers that were on the grounds last night.

The steers are kept inside the race track and last night, as supposedly contented steers went to sleep. Someone forgot to put up the bars last night, and 14 stepped out on the rodeo.

Dashing madly hither and yon on athering horses, the wild, wild cowboys hunted their steers through the night. It wasn't long before they were spied.

In true contested steer fashion they were munching grass in a field a short distance east of the fairgrounds. Quickly they were corralled and this time the bars were fastened as only true cowboys know how to fasten bars.

For, if the steers had done an Aladdin's lamp act and vanished into thin air the rodeo atmosphere would have been slightly too tight.

YOUTH RUNS STILL IN ORPHANS' HOME

PARIS, Ind., Sept. 30.—Milton Cochran, 11, was arrested yesterday after officers said they found him manufacturing intoxicating liquor in the basement of the Edgar County Orphan's home of which he was an inmate.

He will be given a hearing tomorrow.

Series Opens Thursday; See Games as Guest of The Star

PLAY BALL! But a few hours remain before that familiar cry of the umpire will officially open the 1931 baseball classic—the world series.

As the first pitch crosses the plate The Star's player board will swing into action, depicting every play in the game. Marion fans will literally be transferred to Philadelphia and St. Louis.

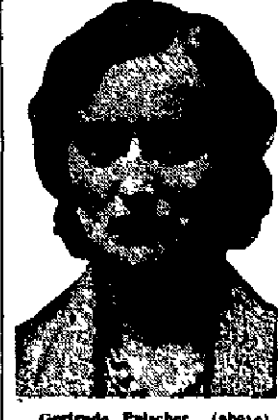

Complete wire facilities of three great news services—the Associated Press, International News Service and United Press—will aid The Star in giving its readers the finest possible coverage of the series. Complete play-by-play accounts will be carried in the regular city editions when the teams are playing in Philadelphia and an extra will be published when the battles are staged in St. Louis.

The classic will get under way tomorrow at 2:30 p. m. (Marion time) in St. Louis. After two games there the teams will move to Philadelphia for the third, fourth and fifth games opening Monday at 1:30 p. m.

Every Marion baseball fan is invited to be a guest of The Star every day of the world series.

THREE DEAD, ONE SERIOUSLY HURT IN SERIES OF MISHAPS

MERE ERROR

Gerardo Falcher (above), of Jamestown, N. B., an art student in Paris, is back in the French capital some the worse after an adventure which included spending 20 hours in a jail at Bardonecchia, Italy. Freed as soon as it was evident a case of mistaken identity had occurred, Miss Falcher returned to Paris to tell a story of an unusual error caused by her striking resemblance to an American woman who is wanted by police for subversive activities against the Italian government.

LLEWELLYN NEW LEGION HEAD

Former Adjutant Elected Post Commander by Acclamation.

J. W. Llewellyn was elected commander of Bird-McGinnis Post, No. 182, of the American Legion, at a meeting at the dugout on south High street last night. Llewellyn was the only nominee for the post and was elected by acclamation.

The new commander and his corps of assistant officers will be installed Oct. 11—probably by Myron Miller of Richmond, sixth district vice commander. Llewellyn will succeed C. C. Caldwell.

Other officers elected last night are Floyd G. Browne, first vice president; D. J. MacDonald, second vice president; Leroy M. Eikenberry, adjutant; Rex H. Robinson, treasurer; Dr. F. L. Thomas, chaplain; Walter Behner, sergeant-at-arms; L. K. Warner, member of the memorial post committee; J. W. Llewellyn, member of the Legion holding committee.

Llewellyn this year has been adjutant of the post and is a former first vice president.

Thomas O. Showers, navy recruiting agent here, was appointed a committee of one to arrange a navy day program for the Oct. 27 meeting of the post.

The post accepted an invitation of the Marion Kiwanis club to participate in a joint Armistice day meeting Nov. 11, for which the post will arrange a program. Brigadier John J. Allen, divisional commander of the Salvation Army has been obtained as a speaker for this meeting.

To Give Flag
By vote, it was decided to assist Sgt. George A. Bowman in the dedication of the new junior high school in Oakland Heights by donating a flag, seven by 11 feet, for the 42-foot flag staff on the school grounds. The flag will be presented by the post during the dedicatory program.

LINDBERGHS SURVEY CHINA FLOOD AREA

HANKOW, China, Sept. 30.—Colonel and Mrs. Charles A. Lindbergh and Dr. Burck, health expert of the League of Nations, arrived here at 2:10 p. m. (2:20 a. m. Marion time) today, completing a flight from Wuhan, down the Yangtze river from Nanking yesterday on another volunteer flood survey flight. The Lindberghs and Dr. Burck landed at Wuhu, where they spent the night. The failure of Nanking authorities to receive direct word of their landing there caused some anxiety this morning, but this was dispelled when a Chinese military plane sighted the Lindbergh craft.

London Scene of Riots

LONDON, Sept. 30.—Police clashed today with mobs in repeated unprovoked riots during which many were injured. Demonstrations were disrupted by mounted police who charged crowds outside the British museum. The unemployed, including heavy women, re-assembled after having been ejected from the vicinity of Bow street police station.

START JUDGING FAIR EXHIBITS

First Horse Races Also on Program for This Afternoon.

HOPE FOR 20,000 GATE
Stock Displays Pass Those of 1930; "Midway" Takes Form.

Marion's county's eight-fair fair settled down to business today, and the completed fair program was officially begun.

Judging of exhibits started this morning. Harness races were to begin this afternoon. The first real influx of fair visitors was well under way at noon, and indications pointed toward one of the most successful fairs in the county's history.

Hope for 20,000
Barring inclement weather the fair board hopes to entertain 20,000 persons this year. Secretary Carl W. Siffert said today. Last year, 17,000 persons attended the fair.

King Bess rodeo made its debut to a small audience last night in the first of its four night appearances at the fair. The rodeo program will begin at 8 p. m. tonight Thursday and Friday. The entertainment of Col. Jack King and his troupe of 60 persons were well received by the audience.

Although nightfairs were comparatively scarce, the fairgrounds hummed with activity yesterday. Fair officials estimated that 2,000 persons passed through the gates many of them to prepare their exhibits for judging. Many exhibits were taken to the grounds yesterday.

Space at Premium
Space was at a premium on the fairgrounds yesterday, as exhibits filled all available buildings and reserved tents. Race horses arriving yesterday swelled the entry lists to 250.

Babbits in every department matched those of last year, and in many departments the number was doubled. Sheep, trebled the 1930 exhibit in numbers. Draft horses and cattle exhibits were substantially larger than last year.

The poultry exhibit more than matched the 1930 display.

The customary midway was rapidly taking form north of the grandstand yesterday afternoon as concessionaires and show hawkers began the week's work. Tents housing the King Bros. rodeo troupe have been erected south of the grandstand. West of the stand are located the industrial and commercial exhibits.

FORMER LOCAL MAN HEADS U. S. BUREAU

J. W. Barnett Succeeds J. L. Ackerson as Shipping Board Official.

J. W. Barnett, formerly of Marion, today was appointed by the shipping board to succeed J. L. Ackerson as director of the board's bureau of subcription, according to an Associated Press dispatch from Washington. Ackerson, former head of the Marion Steam Shovel Co., died two weeks ago.

Barnett was general manager of Marion Motors, Inc., a subsidiary of the Marion Steam Shovel Co., meeting in that capacity for a year and a half. He has not resided in Marion nor held any official connection with the company for a year.

He became assistant director of the bureau he now holds in June, 1930.

ACQUITS ACCUSED COUNTY OFFICIAL

YOUNGSTOWN, O., Sept. 30.—Judge H. W. Jewell of Delaware today acquitted Prosecutor Ray L. Thomas and Attorney David Spencer of bribery charges.

The judge granted a defense motion for a directed verdict of not guilty declaring there was "not a scintilla of evidence" that Thomas and Spencer were guilty.

Thomas was charged to have given the prosecutor \$100 of Ohio bonds to be received from the county for collection of delinquent taxes.

DUTY FIRST

His duty as a citizen was stronger with Frank Everett, prosperous New York merchant, than his love for his son, he signed a grand larceny complaint against the youth, Kenneth Everett (above), 24, which was result in sending the young criminal to Sing Sing for the rest of his life. If Everett is found guilty, it will be mandatory on the judge to sentence him to life, for he already has been convicted of grand larceny three times.

REPUBLICANS LOSE ELECTION

Democrats Cheered as Missouri Names Johnson to Vacant House Seat.

PARTY VOTE NOW EVEN
Democratic Leaders See Hope for Control in Six Coming Elections.

By The Associated Press
SEDALIA, Mo., Sept. 30.—Hopes of the Democrats that they might be able to control the next house of congress soared today as nearly complete returns from yesterday's special election in the seventh Missouri congressional district showed an overwhelming victory for Robert D. Johnson.

Johnson won from his Republican opponent, former representative John W. Palmer of Sedalia, by approximately 9,000 votes. Johnson's victory gave the Democrats 216 seats in the house, the same number as now held by the Republicans. One seat is held by a member of the Farmer-Labor party.

L. L. Collins of Springfield, who ran as an independent anti-prohibition candidate, finished a poor third. Both Johnson and Palmer had the approval of the anti-saloon league and the W. C. T. U.

The special election was made necessary by the recent death of representative Samuel C. Major, Democrat of Fayette.

Democratic leaders of the state and nation today hailed Johnson's decisive victory as an indication of the trend of six other special elections to fill house vacancies, all of which will have been held by the night of Nov. 7 and in the general election in 1932.

While the district is normally Democratic by 15,000 to 3,500 votes, Johnson's triumph was more top heavy than even his most optimistic supporters had predicted.

Missouri Democratic leaders said they regarded the decisive victory of Johnson's victory as partly due to Palmer's defense of the Hoover administration, the federal farm board and the tariff, with present economic conditions also playing a major part. Throughout the campaign Johnson assailed the farm board and the tariff.

GIANT AQUEDUCT PROJECT VOTED

By The Associated Press
LOS ANGELES, Calif., Sept. 30.—Southern California has taken a long look in the future by voting almost 8 to 1 to issue \$50,000,000 Colorado river aqueduct bonds which will provide a water supply for an estimated population of 7,000,000.

Swearing the Hoover dam project in also, the aqueduct will bring water across the great American desert from the Colorado river, a distance of 206 miles, and distribute it to 13 cities, which have organized the metropolitan water district. The Hoover dam project calls for an outlay of \$140,000,000.

The Colorado river aqueduct will virtually equal in magnitude the federal government's Panama canal. It will provide employment for 10,000 southern California citizens for six years.

80 AT CHURCH MEETING HERE

Evangelical Ministers and Delegates at District Conference.

Eighty ministers and delegates from Evangelical churches and churches of Marion, Bucyrus and Upper Sandusky, attended the district conference last night at Greenwood Evangelical church. Fifty were present for the afternoon session.

Dr. D. L. Caldwell of Findlay talked last night, urging the need of instructing the Evangelical church in the doctrine of their church. Church loyalty was discussed.

In the afternoon Rev. W. A. Bennett of Napoleon discussed the working forces of the church, in which he included the worship, educational and social departments. He emphasized the points that add to a church service, the various agencies that go to make up the perfect service. Rev. E. E. Nietz of Findlay also gave a blackboard discussion talk on "The Stewardship of Life." That all the things of life are given to the people by God as a trust, and that the people must do the best they can with these gifts and talents, was the gist of Rev. Nietz's talk.

A series of 10 conferences under the auspices of the Ohio conference board of religious education, is under way in Evangelical churches. Forty attended the fellowship supper at 5 p. m.

From here the conference leaders went to Flat Rock, O., where a conference opened today. Yesterday afternoon Mrs. Leland Ervin sang a solo and last night Mrs. N. T. Weaver sang a solo. The Greenwood church sang several special numbers.

INJUNCTION STANDS

By The Associated Press. COLUMBUS, O., Sept. 30.—A temporary injunction restraining the state optometric board and others from enforcing certain regulations governing the practice of optometry in Ohio will remain in effect, Common Pleas Judge Dana F. Reynolds decided yesterday, refusing to dissolve it. The rules concerned "price advertising" on eye glasses.

Moderator and Officers To Be Named by Church

Closing Session of Marion Baptist Association Meeting Will Be Held Here Tonight; Men's Council Secretary Gives Talk.

A moderator and officers of the Marion Baptist association will be elected late this afternoon at the Memorial Baptist church.

Rev. E. C. Pottorf, pastor of the Memorial church, served as moderator of the association for two years.

The women of the association held their meeting this afternoon with Mrs. W. S. Lincoln, field secretary of the Northern Baptist convention, as speaker. Rev. E. J. Pich of Granville and Rev. E. J. Long were scheduled for addresses. The association Baptist Young People's Union will present the closing program to night.

Last night W. G. Boyd of Brooklyn, N. Y., field secretary of the National Baptist Men's Council of

LOCAL BANKERS AT GROUP SIX MEETING

Five Men Represent Marion County Institutions at Mansfield.

Four men representing Marion banks and L. E. Guthery, representing the Campbell National bank at LaRue, were to represent Marion county at the annual meeting of group six of the Ohio Bankers' association today at the Westbrook country club at Mansfield.

Principal speakers at the meeting will be Frank M. Totton, second vice president of the Chase National bank of New York City, George H. Dunn, president of the Central Depositors Bank & Trust Co. of Akron and David M. Auch, secretary of the Ohio Bankers' association. William A. Blucke, president of the Bucyrus City bank will lead a round table discussion at the afternoon session.

Fred E. Guthery and Paul Bachman will represent the National City Bank & Trust Co. and L. G. Bittitt and R. C. Enns will attend from the Marion County bank.

The afternoon session will be taken up mainly with business of the association group after which Auch will speak on "The New Tax Law" followed by the round table discussion.

Dinner at 6:30 p. m. will precede an address by Dunn on "Plans for the Coming Year." The main address of the meeting will be given by Totton during the after-dinner session.

PREDICTS CONGRESS WILL CONSIDER BEER

Senator Copeland Says "Serious Consideration To Dry Law Modification."

By The Associated Press. WASHINGTON, Sept. 30.—The new congress will give "serious consideration" to the growing demand for legislation of beer, Senator Copeland, Democrat of New York, predicted today.

Copeland declared the action of the American Legion, American Federation of Labor, American Bar association and American Medical association in opposing the existing dry law would spur the drive for legalized beer. He pointed out that legalization of beer was possible without amendment of the constitution and, aside from its economic benefits, would tend to restore respect for law.

The New Yorker expressed sharp censure for Dr. Clarence True Wilson, Methodist churchman, who assailed the American Legion's convention in Detroit.

"The legion convention, according to my information, was sober, earnest and conscientious," said Copeland.

"The truth is the legion's vote, almost three to one, on prohibition indicated the sentiment of the American people toward the existing dry law. The legion, representing a cross-section of American life, reflected the growing sentiment that a change is necessary in the prohibition law."

Copeland said he was aware that "liberal" points of congress in the past have indicated, but slightly more than 150 votes in both houses and senate for changing prohibition. He added, though, the action of legion, labor, legal and medical associations in condemning prohibition, should have some "weight with congress."

America, spoke on the subject, "Men's Work." Rev. A. G. Adair of Hubbard, O., spoke on "The Christian Ambassador," yesterday afternoon.

Mr. Boyle said in part: "The man's work of the church is not separate from the other lines of church activity. It is one of the units of the church endeavoring to reach that group which it can reach unless the men of the church go out after other men of the community."

"The modern conception of education is that it is always possible for mature men to learn new things and new ways of doing them. The Lord Jesus Christ has great expectations for men to do new things. And the greatest expectation that He has is that they will be His witnesses. He has no other way of extending His kingdom but by the witness of those who have come to know Him."

"The only way man can work effectively is through the conviction that 'now is the time.' It has not yet been demonstrated what Jesus can do with men who have yielded all their resources to Him."

Rev. Adair spoke of every church member as an ambassador to Christ, in his sermon yesterday afternoon.

This morning Rev. B. E. Dunn spoke briefly on "The Advancement of Bible School Work," suggesting new ways of bringing the work of the Bible school before the people. A forum in charge of F. H. LeMaster of Marion was conducted at the close of the morning session. A short doctrinal sermon was preached by Rev. John Middleman. Miss Pearl Rosser and W. A. Holmes of Granville were among the forum speakers.

END OF PARLIAMENT SESSION SCHEDULED

MacDonald Announcement Is Seen as Indication of General Election.

By The Associated Press. LONDON, Sept. 30.—Prime Minister Ramsay MacDonald informed the house of commons today that parliament will adjourn next Wednesday.

He did not reply to a question by Arthur Henderson, leader of the Labor party, as to whether it would be adjournment or dissolution, but political observers agreed that a general election is likely to be held soon.

By Wednesday, Mr. MacDonald said, parliament will have completed the emergency program laid out by the national government when it took office.

The prime minister said also that a short measure will be enacted to deal with food profiteers in view of the fact that prices already are beginning to soar in London.

Mr. MacDonald's announcement, while it seemed to increase the belief that a general election is impending, also showed the government has not yet made any definite election plans.

The Daily Herald, labor organ, printed a story to the effect that the national executive of the labor party had read out of the organization all ministers in the national government and their supporters. Mr. MacDonald and Chancellor Snowden are included among 13 Labor members of parliament affected by the ruling.

CHINESE MINISTER FORCED TO RESIGN

Dr. Wang Quits After Failure To Obtain League Aid in Dispute.

By The Associated Press. NANKING, Sept. 30.—Dr. C. T. Wang, minister and seriously injured Monday by students, who blamed him for failure to obtain the intervention of the League of Nations in the Sino-Japanese controversy in Manchuria resigned today as foreign minister of the National government.

A Chinese minister to Great Britain and China's representative in the League of Nations, was named to succeed him.

Events of the last 10 days, which witnessed the occupation of southern Manchurian cities by Japanese troops and the subsequent rejection by the league council of the Chinese appeal for intervention, so weakened Dr. Wang's standing with leaders for the Kuomintang dominant Chinese political party, that he found retention of office impossible.

Following the arrival of See from Geneva, Frank W. Lee, American born Chinese and former minister of this country to Mexico, will act as foreign minister. Lee was born in New York City, has been serving as vice minister of foreign affairs.

LOSES PART OF FINGER IN CRASH

Mr. Robert Swisher of 327 Edgewood drive, who suffered severe cuts, bruises and a torn right forefinger in an automobile accident near Mechanicsburg Monday afternoon will be brought to the Swisher home here Friday from the county hospital at Urbana, O., it was reported today.

Mr. Swisher, a city fireman, who escaped serious injury in the accident, will accompany Mrs. Swisher's right forefinger was amputated at the first joint yesterday, according to reports. She is said to be resting easily.

The accident occurred when the Swisher car was struck by an automobile coming from a side road near Mechanicsburg. Officers today set what they described as a liberal estimate of \$10,000 curtailment of this firm.

Bombings Resumed.

CHICAGO, Sept. 30.—In an apparent renewal of warfare between painting contractors and union workers three dynamite bombs exploded in as many parts of the city early today. The most serious blast hurled tenants of an apartment house from their beds and wrecked the lobby of the building. Almost simultaneously two other bombs wrecked the interiors of two paint shops.

The world hasn't lost its taste for gold, however. Somebody abroad managed to extract more than \$51,000,000 of Uncle Sam's gold on Monday, and more will follow.

Germany and Italy mean to maintain gold parity for their mark and lira. If they can, Russia makes her own rules for money, as for everything else. And you cannot tell what is happening or will happen there.

MRS. EARL VAN HORN IS CLAIMED BY DEATH

Marion Woman Dies at Hospital After Short Illness.

Mrs. Earl Van Horn, 48, wife of Claude Van Horn of 104 Elk avenue, died today at 4:30 a. m. at city hospital. She had been ill for two weeks and died following an abdominal operation.

Mrs. Van Horn was born Aug. 23, 1863, in Union county to Melvin and Rose Temple Lingrel, both deceased.

Besides her husband she leaves two sons by a former marriage, Melvin Bechtle of Marion and Jesse Bechtle of Cleveland, and her brothers and sisters, William Lingrel of Marion, John Lingrel of Chillicothe, Harry Lingrel who is living in the west, Mrs. Anna Grace of Marion and Mrs. Orville Hooker of Dayton.

Mrs. Van Horn was a member of Calvary Evangelical church. Rev. E. Radebaugh, pastor, assisted by Rev. C. L. Allen of Columbus, former pastor, will officiate at the funeral Friday at 2 p. m. at the M. H. Gunder funeral home on West Center street. The body will be removed tonight from the funeral home to the Melvin Bechtle home at 188 Lincoln avenue, where it will be viewed until Friday noon when it will be returned to the funeral home for services. Burial will be made in Marion cemetery.

Fair Crowds To See Mechanical Mind Reader

The latest scientific instrument to show the world up in its true light, the psychograph, is on exhibit at the Marion county fair. This machine, invented by Henry C. Labery of Superior, Wis., after 26 years of work and at a cost of \$38,000, measures and records the mental faculties of the individual.

F. W. Rust of Cleveland, who is traveling with the machine, will take it to the Cincinnati Music hall for demonstration, beginning the week of Oct. 7.

Resembling a new type of permanent waving apparatus, the machine fits over the head, and then begins the selective brain work of intricate perfection which shows a person his grafts on his natural faculties, not those developed by book learning or experience.

This new scientific machine with its phrenologic analysis, reads 32 faculties of the brain and has five ratings for each. The combination of recordings in one person's reading is not likely to be duplicated in the next million readings.

The machine will be on exhibit in the art hall at the fairgrounds. Demonstrations which have been made with it in universities and in large corporations, show that it may develop into an invaluable part of college and business methods. There are only three of the machines in the country today.

PROFESSOR AGAIN NAMED AS SLAYER

Coroner Testifies in Preliminary Hearing of Kane Case.

By The Associated Press. HAMPTON, Va., Sept. 30.—Coroner George K. Vandercil testified his belief that Mrs. Henry Graham Kane came to her death by premeditated murder when called as a witness today, in the preliminary hearing for Elsha Kent Kane, University of Tennessee professor, on a charge of drowning his wife.

The witness said fishermen near the scene of the tragedy told him they heard screams, but paid no particular attention because they were used to a "great hullabaloo" on the beach because of "drunken parties."

It was expected that Mrs. W. C. Graham, mother of the dead woman, would be called during the day to give her first public recital of her accusations against Professor Kane, a teacher of romance languages. Mr. Graham had revealed that his wife and Mrs. Kane both were made unhappy by letters to Professor Kane signed "Betty," which Coroner Vandercil has said were important factors in his verdict that Mrs. Kane's drowning was homicidal.

TRUCK WRECKS \$25,000 VIOLIN

By The Associated Press. NEW YORK, Sept. 30.—How he could make his concert debut without his precious violin was the problem today confronting Harry Braun.

He dropped a Guarneri instrument, made in 1691 and presented to him by August Hockebach, philanthropist, at Fifth avenue and 43rd street. A truck crashed the \$25,000 violin.

COWBOYS RIDE IN COUNTY FAIR PARADE

Rodeo Troupe and Exposition Officials Ride in Procession.

Probably the last event of the season paralleling circus days passed through Marion uptown streets today at 11 a. m. when a parade of picturesquely dressed and mounted cowboys and cowgirls and Indians from the rodeo at the Marion county fair was viewed by a large number of spectators.

The parade, scheduled to start at 10 a. m. was delayed in formation and reached the uptown district a few seconds after the stroke of 11 a. m.

A car with fair and rodeo officials headed the procession with about 20 horses with their cowpuncher burdens following. Arizona Bill, reputed Indian fighter who arrived in Marion Saturday, was included in the line mounted on his burro. Two trucks of Indians and numerous motor vehicles brought up the parade.

The parade formed at the fairgrounds, moved west to north Main street and then south to Church street. It then moved east to south State street when it headed north again to the fairgrounds.

FORMER SILK MILL HEAD DIES IN MICH.

Thomas T. Tierney, 58, former superintendent of the Squeyehanna Silk Mills, died yesterday morning in an Ann Arbor, Mich., hospital. Cause of his death is not known here.

Mr. Tierney served as superintendent here from July, 1910, until June, 1915. He was succeeded later in the summer of 1915 by W. E. Bartholomew, present superintendent.

The funeral will be Thursday at 8 a. m. in St. Dominic's church in Detroit. Mr. Tierney and his wife and family made their home in Detroit. Three children are living. One child preceded the father in death.

Philadelphia Series Fan First "Early Bird"

By The Associated Press. PHILADELPHIA, Pa., Sept. 30.—For the next five and a half days George Calhoun will be about the easiest fellow in Philadelphia to find.

After seeing the Athletics' special off for St. Louis last night, Calhoun, a 20-year-old semi-pro baseball player, hurried to Shibe park where he has taken up a position in the bleacher line.

Calhoun said he is determined to be the first to get into the park when the gates open Monday for the third game of the World series. He is dressed for the occasion, too, for under an overcoat, he is wearing his baseball uniform.

Officers Handle Risky Job, Then Take a Day Off

By The Associated Press. CHICAGO, Sept. 30.—The process of education continues at the Rogers park police station.

Desk Sergeant Michael Lyng answered the telephone last night. Said a voice:

"A fierce animal is disturbing us. I think it's a nephitis nephitis."

Sergeant William Beahan, a hero prize winner, Policeman Peter Jancin, William Mielke and Sebastian Ruhl were assigned to investigate. Twenty minutes later Jancin called back.

"Was it a nephitis nephitis?" asked Sergeant Lyng.

"It was," said Jancin. "Did Sergeant Beahan get it?" asked the sergeant.

"He did and so did Mielke. That's why they're outside."

"Tell them," said Sergeant Beahan, "to go home. I just looked it up. The word means polecat."

Race Stables Overflow

As an attraction to harness race horses, the Marion county fair has outdone the state fair. Ohio's agricultural exposition attracted 187 horses. Tuesday afternoon's official horse count in the local stables revealed 230 horses.

Many commercial displays have something of interest in the harness stables. On one attractive booth, one could view an interesting exhibit on the evolution of light, while a popular number of radio was being demonstrated.

Part followings, including concession horses, entertainers and side show men, have a problem in finding living quarters. A glance over the fairgrounds reveals that horse cars are more popular than ever in the solution of this problem. The cars are well equipped and are much more satisfactory than a tent.

SCHOOL HEAD CLUB SPEAKER

Bowman Tells of City Educational Work at Rotary Meeting.

Marion Rotarians yesterday turned out 100 per cent to greet their district governor, Fred Hopkins of Forestia, and to hear a discussion on "The School Question" by Supt. George A. Bowman in their weekly luncheon in the ballroom of Hotel Harding.

Hopkins visited the local club as part of his tour of the twenty-first district of Rotary, which he heads. He spoke on the international program of Rotary.

Bowman's talk gave a picture of the current expense program of the public schools, and reviewed the building program voted by the city three years ago.

The "per pupil cost" of educating children in Marion, on a basis of the average daily attendance, has decreased steadily in the last decade, despite the mounting school costs, the superintendent said.

Marion now spends on an average of \$69 to educate a pupil one year. The average cost for educating a pupil in this country runs much higher than the local figure, the superintendent continued. He then analyzed the expenditure of the school tax dollar, showing that instruction costs ran to 77.1 per cent of each dollar spent in the schools.

Commenting on the recently completed building program, for which \$750,000 was authorized three years ago, Supt. Bowman said, "The board should be congratulated. It has carried out the program, kept a public trust, and has done more than the program called for at less than the estimated cost."

Extent of Work
The completed program, he explained, includes the recently completed junior high school in Oakland Heights, the new Indiana avenue grade school, the enlargement and remodeling of four grade school buildings, and the purchase of three school sites, one for a new senior high school which will be needed within a few years.

Club members were told by Supt. Bowman that the 30 per cent reduction in school salaries is to be regretted, but that it was made necessary by an emergency. The school program has never included any activities which were not absolutely essential, but on the other hand has omitted many deserving phases for the sake of economy, he continued. Thus, it is imperative, he said, to strike at the heart of the school program to effect any retrenchment.

MAN, WIFE HONORED BY 60 AT PARTY

KIRKPATRICK, Sept. 20—Mr. and Mrs. K. Hamilton entertained a number of friends at a miscellaneous shower Saturday night honoring Mr. and Mrs. Everett Petee of Portsmouth who were recently married. About 60 were present.

Allie Knapp, who underwent an operation for appendicitis, was brought from the City hospital to her home here Friday.

Classes Name Teachers.

MARTEL, Sept. 20—The Royal Guards and the Golden Rule classes elected teachers for the coming year Sunday. H. W. Rodock was elected by the Royal Guards and Harold Gibbons by the Golden Rule class.

Classes Hold Parties.

MARTEL, Sept. 20—The Juniors and Seniors of the Martel High school held a winter rest at Maple Grove Tuesday evening. The freshmen held a party at the William Ranch home the same night.

statements and ballgame men in always a popular place at the fair. Crowds walk up and down the "aisle" between rows of concession holders who endeavor to attract the attention of the crowd inside the tent, but only to come.

Someone is always considerate for persons overtaken by sickness or injury at the fair. Near the grandstand are two tents devoted to the care of such persons. The W. C. T. U. has a rest tent equipped with cots and chairs, and the Red Cross has a first aid and rest tent.

One of the most unusual exhibits in the livestock department is the snake pen of Charles Adams, Jr. In the snake pen the snakes are kept in the corners of the display building. A peculiarity of this snake, said by farmers to be one of the coming breeds in this section, is its small, long face, which greatly resembles a horse head.

Marion county health authorities are taking advantage of the educational possibilities of the fair this year. Seven samples of the poisonous white snakebite, which produced a milk sickness in cows that caused the death of two persons last year and two being displayed at various places on the grounds. The snakebite grows in shaded pasture lots, and is fatal to stock. Farmers are urged to examine the weed closely and hunt for specimens on their property. By pulling the weed, its spread will be halted, Dr. N. Stritt, city and county health commissioner, pointed out.

Condition Fair.

H. A. Mason was removed to his home in Kirkpatrick this morning from City hospital. Mason was taken to the hospital Thursday in a critical condition following his attempt to take his own life by shooting himself through the abdomen. His condition was reported as fair.

RADIO NEWS AND PROGRAMS

Noted Composer To Be Honored in Broadcast

A program of compositions by Franz Schubert will be presented Thursday at 9 p. m. in a dramatic musical form on NBC network. Rachel Morton, soprano will open the program with "The Erl King" and the Rondelliers male quartet will be heard in "Who Is Sylvia." The orchestra will play the Allegro movement from the Sixth Symphony.

Radio Center, famous comedian of Broadway and Hollywood, will be guest artist on the Rudy Vallee program Thursday at 8 p. m. Vallee's orchestra, the Connecticut Yankees, will furnish the music. An NBC network will carry the program.

R. A. Rolfe and his orchestra will provide a musical background for Weber and Fields, noted comedians, when they appear on the Rolfe program Thursday at 10 p. m. over an NBC network.

President Paul Doumer of France and Ambassador Walter E. Edge will be heard Thursday in a program emanating from the American Legion headquarters in Paris at 10 a. m. The occasion is the dedication of John J. Pershing hall and Myron T. Herrick Memorial Room at the headquarters. This will be the first address of Doumer to the United States since he was elected to the French presidency. Music by the Garde Republicaine band will be heard. An NBC-WJZ network will carry the program.

Rosa Columbia, baritone, singing "Begging For Love" among other numbers, will conclude his present broadcast series Thursday in a program at 9:30 p. m. over the NBC-WJZ network. Don Voorhees' orchestra is featured with Columbia on the program.

"The St. Louis Blues" will be presented by Irene Bransley, contralto, in her own interpretation of the number on a WABC-Columbia program Thursday at 10:40 p. m. The orchestra and a trio will present selections from the operetta, "The Vagabond King," including "Only a Rose" and "Song of the Vagabonds."

The first German glider to land on water recently underwent successful tests at Rosliten, in east Prussia.

Replica of Old Paper Owned by Local Woman

A SMALL replica of an issue of the Richmond Gazette, dated Thursday, Sept. 7, 1892, is the prized possession of Mrs. M. S. Carter of 789 Congress street. The relic was given to her father by the Gazette, which issued copies of reduced size as samples to stimulate circulation.

The replica appears to have been made by photographing and reducing the original issue of the paper. It can not be read without the aid of a magnifying glass, so small is the type. Whereas the paper was a full-sized four-page sheet, the replica is five and a half by seven inches.

Mrs. Carter's father, John G. Rice, lived near Summerville, in Union county, at the time he obtained the copy.

several miles southeast of here. Isaac Shoemaker, 63, of Gallia county and Mrs. Laura Shoemaker, 40, wife of John Shoemaker, Jr., one township farmer, were the victims.

They were returning to the Shoemaker home from Plain City when the accident occurred. The bodies were brought to Marysville to await funeral arrangements.

It was necessary for the train crew to remove the damaged car catcher from the locomotive before the train could proceed to Marysville.

Shoemaker came to the home of his brother for a visit last Sunday.

MAN HIT BY INTERURBAN

David Graham, 74, of Bucyrus, Victim of Accident.

Special to The Star

BUCYRUS, O., Sept. 20—David Graham, 73, retired farmer of Bucyrus, was instantly killed yesterday at 3:45 p. m. when he stepped into the path of a C. & D. M. interurban five miles south of here. His skull was fractured.

He is thought to have misjudged the speed of the interurban as he crossed the tracks preparatory to boarding it for a return trip to Bucyrus after spending the day cutting corn on his farm near the scene of the accident.

The funeral will be held Friday at 10 a. m. in the home and at 10:30 a. m. in the Wise funeral chapel with Rev. O. F. Laubach officiating. Burial will be made in the Bucyrus mausoleum.

He was born in Crawford county May 10, 1856. He was engaged in farming until 10 years ago when he retired.

Surviving are the widow, nine children, J. V. R. C. K. S. and D. E. Graham of Bucyrus; Mrs. John Mangum of Elliston; Mrs. Anna Z. Rogers at home; I. S. Graham of Marion; V. E. Graham of Tiffin; and Mrs. Albert Baxter of Bucyrus, two brothers, John of Wyndot and J. L. Graham of Bucyrus and one sister, Miss Elizabeth Graham of Bucyrus.

BOYS CONFESS CAUSING WRECK

By The Associated Press.

LOCKE HAVEN, Pa., Sept. 20—Two young brothers confessed today, railroad detectives said, that they had opened a switch through which a New York Central freight train plunged late yesterday, near Beech Creek, bringing death to two members of the crew and serious injuries to the engineer.

The boys are Leonard Hahn, 12, and Arthur S. Detectives said the boys told them they had played with the switch and after opening it were unable to close it. The freight train ran through the switch and crashed into a string of 30 empty cars standing on a siding.

Richwood News

Flashes of Life

By The Associated Press.

CHICAGO—John R. Rolfe, publisher of the Hartford (Conn.) Times, believes that the 1933 world's fair will usher in a century of the greatest prosperity the country has ever seen. The depression is less serious than people believe and the new era will be under way by 1933, he says.

LONDON—H. G. Wells has a formula for world rehabilitation: The world should be declared bankrupt, he said, on the radio, and its debts written down. Diplomatic services and military establishments should be abolished and the world run by a dictatorship of informed, educated common sense. Money should be uniform.

SUGGESTS "BETTER TIMES" PROGRAM

By United Press.

ATLANTIC CITY, Sept. 20—One of President Hoover's closest advisors, Julius H. Barnes, chairman of the United States Chamber of Commerce, has suggested a concrete national program which he believes will bring better times.

Restored confidence is the primary need of the day, Barnes told the annual meeting of the American Electric Railway association. Fear and timidity cause "paralysis in a thousand directions," he said.

To revive confidence and energize business anew, he proposed a broad program of international cooperation and of governmental action to free commerce from hampering restrictions.

STAR CARRIER BOYS HOLD PEP MEETING

Seventy-six city carriers of The Star assembled for a pep meeting last night in The Star Auditorium. Delmas Jenkins, circulation manager, addressed the boys, pointing out changes that will prove beneficial and will raise the efficiency on all routes. Souvenir caps were given out, and refreshments of ice cream and cake were served. The meetings probably will become monthly.
